## Summary

Hi there! I'm Wisdom, a results-driven Full-Stack Developer with years of experience and a proven track record of turning innovative ideas into exceptional web and mobile applications. With a strong background in both front-end and back-end development, I am dedicated to creating seamless, user-friendly experiences that drive business growth and deliver lasting impact.

I understand the importance of teamwork and effective communication, making me a valuable asset in collaborative environments.

Technical Expertise:

Front-end: HTML5, CSS3, JavaScript, React js

Back-end: Node.js, Express.js

Databases: (MySQL, MongoDB and Firebase)

Version Control: Git, GitHub

## Experience

### Frontend Developer

UBAHA VILLAGE

Feb 2024 - Feb 2024 (1 month)

- I developed a frontend community website entirely from scratch, utilizing Node.js, Express.js, and Tailwind CSS.
- I utilized Tailwind CSS to craft a visually appealing and user-friendly interface, ensuring its responsiveness across various devices.
- I sourced the images utilized in the project from Unsplash.

Skills: Express.js, Node js, Tailwind CSS

### Frontend Web Developer

Shinarium

Jan 2021 - Feb 2022 (1 year 2 months)

- Worked on a project which include changing and converting the templet of an already built website.
- Built some responsive templets on my own too with Html, Css and Css animations.
- I hosted the Site at NameCheap after building.

Skills: Communication · Problem Solving · HTML · Cascading Style Sheets (CSS)

### Full-stack Web Developer

close seller

Jun 2023 - Jul 2023 (2 months)

- Create full-stack web apps with HTML, CSS, JavaScript and MongoDB.
- I collaborate with a designer to build frontend web applications. Meet all deadlines whilst utilizing best practices.
- I designed interactive websites with responsive features.
- I bought the domain name at namecheap and hosted at vercel.

Skills: MongoDB · Problem Solving · Create responsive website with react js · React.js · HTML5 · Cascading Style Sheets (CSS) · JavaScript
